

Air filter oil spray

Store and use in a well-ventilated place, preferably outdoors.

Wear protective gloves and safety glasses when handling!

INSTRUCTIONS FOR USE. Spray the air filter, which is completely clean and dry, thoroughly with oil. Squeeze excess oil out of the filter thoroughly, but do not wring. Allow the filter to dry for 10 minutes before returning it to the airbox. Use only filter cleaner to wash the filter.

WARNING:

Keep out of reach of children. Highly flammable. Irritating to skin. May damage synthetic or plastic products. Container is under pressure. Protect from sunlight and do not expose to temperatures above 50°C. Do not pierce empty container or throw into fire. Do not use on hot or damaged material. Wear special protective clothing and gloves when handling. If swallowed, seek medical attention immediately. Do not inhale fumes. Do not flush.

Environmentally dispose of the product at the end of its useful life.
